

No News Is Good News

Not much to report this week. We are starting to pull together some songs for the next project. It's taking some time to decide what to use, and to figure out when we can practice enough to prepare before we start spending studio dollars. We can't afford to waste time there. Jim works at night, so it's hard to practice except once a week over lunch. That's not really enough time to practice everything we need to practice, and since we are gone on the road every weekend, time is just not available to do it. So pray for us to find time to get this project together.

Mark Your Calendar

Mark November 3rd on your calendar. That's the date of our concert at Evangel Assembly of God, in Wichita, KS. The Calvary Echoes and Haskell Cooley (former piano player for the Cathedrals) and perhaps others will be there for your listening pleasure. You won't want to miss this opportunity for some good old gospel music. I hope we will have a new project ready by then as well. We invite anyone that would like to help sponsor this concert to contact us. We will be taking a love offering, but need some finances for advertising and so forth.

It's A Ministry, And A Business

Sorry to have to continually talk about financial needs. It is a ministry, and we do depend on the Lord to help us meet our needs, but the Lord works through you. You help us to minister every weekend to someone that needs to hear the word and testimonies. To help someone to find or get closer to Him. You may not know how many lives you touch indirectly until the Lord shows you when you meet Him face to face. Thank you for your faithfulness.
